2 Days Workshop on

"Prompt to Impact: A Generative AI Bootcamp"

Part of ICEI - 2026

ICEI 2026

About Workshop

This intensive two-days Generative AI Workshop offers a comprehensive introduction to the principles, tools, and ethical considerations of modern AI technologies. Participants will explore key models and frameworks—such as transformers, GANs, and diffusion models—while gaining hands-on experience with tools like ChatGPT, DALL·E, and Stable Diffusion. Designed for students, faculty, and professionals, the workshop emphasises real-world applications across diverse sectors and encourages critical reflection on responsible AI development, including issues of bias, governance, and transparency.
